

School Art programme

Here is a list of art/craft/pottery four-session workshops available for classes of up to ten people per class.

Programmes are adapted to the skill level of students. If there are over ten people per session the students are divided into two groups. Each activity will be offered in four sessions over 4 weeks and then the groups swap activities for the next four weeks. In total eight sessions.

A collage of various art and craft projects. The collage includes: a hand holding a smooth, round piece of pottery; two white woven figures; a blue and white woven piece; a painting of a landscape with mountains and water; a colorful abstract painting; a collection of colorful fabric scraps; a person painting a green object; a collection of pottery pieces; a painting of a house with a sign that says 'WOODSIDE' and 'CHANGE HERE FOR GREYTOWN'; a person painting a blue object; a painting of a blue flower; and a person painting a blue object.

Pottery Studio

Pottery basic

Basic pottery and hand building such as coil, slab, pinch pots and sculpting.

Paper clay

Build your own mushroom home using tissue paper, PVA glue, tin foil and reused plastic bottles. When the house is dry painting begins.

The houses can light up with battery operated tee lights.

Polymer clay fridge magnets and/or jewellery

Using coloured polymer clay learn how to shape clay into a small picture/animal or flower. The art form when completed is dried in the oven, small magnetic can be attached to back or made into a brooch or badge.

Imitation stain glass picture

Draw your picture, work with glue and paint, add glass, outline, and paint in your colours.

...

Art & Textile Room

Self-portraits

Create a colourful drawing of self, include objects and ideas that also reflect the inner person. Use mirrors to draw "bits" of the face and create strange effects.

Look at how faces work (proportions, muscles etc), and also famous portraits that break those rules to wonderful effect.

Put these elements together to create a unique and insightful self-portrait.

Nature Art Mandala

Draw from a still life of flowers, branches, and leaves using pencil and ink.

Choose elements of the drawing, shapes, lines, colours. Create a pattern.

Using the selected elements design a mandala. Complete the mandala by adding colour.

Iti Boards

Paint on 20 x 20cm MDF boards – Learn to design, map out and create your own small piece of work.

At the end of the project the School can hold their own art show with students iti boards to display.

Nature/upcycled art

Find or bring your own rock or stone, prepare and paint.

This session can be expanded into painting on rocks, stones, natural materials, upcycling porcelain or dolls.
