

ROTARY FORUM 2018

WELLINGTON

IMPOSSIBLE DREAMS

Disrupt or be disrupted... dare to dream.

This is Rotary Forum 2018:

Impossible Dreams for Wellington - city and region.

The 2018 Forum asks: how do we make our Impossible Dreams come true?

It follows from the highly successful 2017 Forum, when we gave a platform to diverse voices – speakers and participants – to share the challenges and some inspirational ideas on the future of Wellington.

For 2018 we have invited a new set of speakers – twelve disruptors and dreamers - to choose their own topic, to detonate powerful ideas and stimulate discussion.

Participants in the Forum will be 250 of the most engaged and interesting people in Wellington.

More than this, we want to enable all Wellingtonians to become more engaged in the future of our city and region. We will enable this through mainstream media, social media and live streaming of keynote speeches.

Speakers include:

Dr Michelle Dickinson, Hon Grant Robertson, Melissa Clark-Reynolds, Susan Freeman-Green, Georgina Beyer and Kim Workman.
