Connected Communities

Communities and organisations are stronger when we share knowledge and ideas to collaborate, innovate and build something better.

**Rotary's next five-year Strategic Plan
calls on all of us to 'Expand our Reach'.**

**Continuing to promote our image and brand
is not going to expand our reach.**

**Websites like Our Porirua is in line with their thinking
about using old and new channels to integrate and
maximise our reach.**

INTEGRATED MARKETING COMMUNICATIONS

Integrated Marketing Strategy

Flightdec websites create a much more collaborative approach to solving complex community-wide issues. At the same time it can help individual organisations to overcome some of their isolation and to participate in working with others for a common good with a common agenda and continuous communication
