BUILDINGS WITH ATTITUDE

GOSPEL JAZZ

A ONE MILLION DOLLAR NOTE

LONG BEACH ACTIVITY & SENIOR CENTER Dedicated April 23, 2009

This building represents the collective ideas of four people- the Mayor of Long Beach, Billy Skellie, the President of Long Beach Rotary, Bob Kranz and two Rotarians, John Neff from Harrisonburg VA and Brian Andersen from Darien IL. The concept was born out of the immediate needs of this community following Hurricane Katrina. This vision, in concert with fundraising efforts, took a dream and made it a reality.

The strength of Rotary continues to be through its partnering, not only from district to district, but from corporations, foundations and governmental units. We are proud of our alliance with Arcelor Mittal Steel, Southern Mississippi Planning and Development District, Bush/Clinton Fund and the City of Long Beach.

We extend special thanks to Rotary District 6440 and 6450 in the Chicago area, District 6360 in Southwestern Michigan, Districts 6800, 6820 and 6840 in Mississippi, the Rotary clubs of Peoria, AZ, Harrisonburg, VA, and Tahoe, CA, as well as the Rotary International Donor Advised Fund.
