SERVE TO CHANGE LIVES

Rotary Club of Plimmerton Inc

President: Kay Phillips
Secretary: Graeme Tongs

Paul Harris Fellowship Citation

As Rotarians, we all have a passion to serve our communities: local, national, and international; a good leader will channel this passion into action.

In recognising this Rotarian as a Paul Harris Fellow, I have noted that they have given Service Above Self for the entire time they have been a Rotarian.

The most important concept for a Rotarian should be people. Our goal is to improve the lives of people; our goal is only possible through people. People are at the core of this person's service decisions, and it is clear, beyond this, that looking after the welfare of people is a core value for them.

Our newest Paul Harris Fellow has held a number of positions in the Rotary Club of Plimmerton, including being a Director of the Youth Committee. President in 2018-2019 she led the way with events to recognise World Suffragette Year. She participates in many of our Club projects and has been the force majeure in our Preschool Clothing Project. Possibly her biggest Rotary achievement was her involvement in the building of the Belola Primary School classrooms in Balibo in Timor-Leste.

She has served on the District 9940 Youth Committee as co-ordinator of incoming students between 2013 and 2015.

Donna Reed has truly converted her passion for helping people into action, immersing herself in our projects and activities, making her a worthy recipient of a Paul Harris Fellowship.

Donna Reed, the Rotary Club of Plimmerton pays tribute to your service to others.
