NEWS in BRIEF

August 2021

EMERGENCY RESPONSE KITS (ERKs)

In July, the contents arrived into a Auckland Warehouse and the team of Rotary Volunteers are currently packing Kits to replenish those distributed following TC's Yasa and Ana in Fiji. Donations in the past year have limited the number of kits being packed and the need is most urgent for donations if we are to maintain the level of support to our Pacific neighbours following future cyclone, flood or other weather event. For immediate response, Kits are prepositioned in Cook Islands, Fiji, Samoa, Tonga and Vanuatu.

The following brochure provides information for sending donations with additional information available on www.rnzwcs.org Ref. 308

DONATIONS IN KIND (D.I.K.)

Last Rotary year Rotarians in District 9970 with support of Rotarians in 9980 and 9940, the public, schools and businesses in the Christchurch and elsewhere, sent 4 twenty-foot containers of donations in kind for distribution to the most vulnerable in Fiji, Samoa and Tonga. This Rotary year 9970 would like to repeat especially knowing the effect of Covid – 19 on these countries. They have received many offers of educational and health equipment to fulfil requests to send specialist equipment to assist in particular those with severe disabilities. The limiting factor will be the ability to provide for freight costs which have also been severely impacted by Covid -19. Please support this very tangible way of giving assistance to our Pacific neighbours.

SUPPORT IS NEEDED.

Join or cluster with other Rotary clubs, Rotarians the public and private sectors to make a difference in Pacific countries and elsewhere doing good in the world for the most vulnerable.

IT'S NOT ABOUT US, ITS ABOUT THEM

ROTARIANS AGAINST MALARIA (R.A.M)

Vanuatu faces increasing challenges in its endeavour to achieve WHO malaria-free certification by 2025. There are critical funding gaps in the Vanuatu malaria program, and this threatens the implementation of community-based Malaria Elimination Officers (MEOs). Recruited locally, these community-based MEOs are selected based on their experience, skills, work ethic and standing in the community. Their tasks include liaison and information sharing between community leaders/members, health workers and provincial malaria staff; follow-up with nurses and patients to ensure compliance with treatment; support to operations such as bed net distributions or spraying campaigns; and timely reporting of cases. Vanuatu needs help to fund this worthwhile Campaign and would greatly appreciate contributions.

**DONATIONS WILL BE MATCHED BY R.A.M
THROUGH TO THE END OF SEPTEMBER**

KONDIKI DAIRY - TANZANIA. A SUCCESS STORY.

Kondiki Dairy, is to develop Stage 2 of its operations, with the vision that their milk supply will increase to 8,000 litres per day by the end 2023. Kondiki is currently receiving 4,000 litres of milk per day, with 2,500 litres being manufactured into cultured milk products and 1,500 litres being sold as unprocessed milk to other milk processors. The original projection was 5,000 litres per day, which was the design capacity of the original plant that Rotary and MFAT funded. There are currently between 900 and 1000 suppliers of milk, which is 4 times the number that had been identified at the beginning of the project. It could be said that the project currently supports up to 1,000 families by means of a regular monthly income. A success story.

DONATIONS

Bank Acc. No. 03 1702 0192208 01 Ref: 308

RNZWCS Limited is an NGO

- Accredited with MFAT
- Is a Council of International Development Member
- # Has adopted and is a signatory to the Council of International Development Code of Practise
- Is a CID Humanitarian Network Member

#Signatories are subject to a Triennial Review and assessment by a Compliance Committee. In July 2021 the Committee deemed Rotary's compliance as "Highly Commendable" with aspects to be used as a guide for other NGO's.

GIVE EVERY CHILD A FUTURE

Save Pacific lives - that is our goal. What better way to do this than to vaccinate 100,000 children in nine Pacific countries over 3 years? It's the perfect project to mark the Rotary Centenary in this part of the world - big, impactful and it targets children in our region. Vaccination not only saves lives; it prevents many debilitating diseases that can cause life-long suffering. The aim is to deliver three vaccines. The first two will protect babies and children from life-threatening rotavirus diarrhea and pneumococcal disease that can lead to meningitis, septicemia (blood poisoning) and pneumonias. The third will protect girls and women from the human papillomavirus (HPV), the infection that causes cervical and other cancers.

The Need

For over 35 years Rotary New Zealand's **Emergency Response Kit** has been providing immediate relief to our Pacific Island neighbours in times of cyclone, devastating flood, tsunami, or earthquake, through the efforts of Rotary volunteers and supporters.

Donate Today

Emergency Response Kit Rotary New Zealand

The value of each Emergency Response Kit is approximately \$600. All donations, what ever the amount, will be used for the Rotary New Zealand Emergency Response Kit programme.

Please post this form to the address below so that a donation receipt can be sent

I/We wish to make a donation towards the Emergency Response Kit programme of:

\$..... \$600 \$1200 \$1800 \$2400
