The Presidents Commentary

President Denise warmly welcomed the many members and guests who were in attendance including a wee greeting in Gaelic.

It was noticeable that almost all had bought a piece of Scotland along for the night which celebrates the life of someone of significance in the long history of Scotland.

You will have all noted the 11th of July as Change Over This will be at the Mana Cruising Club and while being a low-key event should still be an interesting and fun night. There will be a \$5 surcharge to cover some additional cost.

Event 50

Last week it was indicated that a link to the photos from Event50 would be available this week but unfortunately this has not arrived. There are some 300 images to select from!

There are still Event50 activities ongoing as it was intended to span the calendar year. There has been a great response to the E-book project being led by Wendy Betteridge with a good many of the audio interviews being completed and digitised. Graeme Blick and his team are working on the recognition project while Bruce Phillips and his team are developing some long-term project ideas.

Robbie Burns Celebration

As usual those with a whiff of Scottish blood did a great job of leading us through the intricacies of this ancient tradition.

Graeme Blick led his team through a startling night of extraordinary prose as the unimaginable life of one of Scotland's heroes

was spelt out in detail. From prose to love Robbie Burns was a "Rock Star" of his time.

To send a great night off in style all present joined in singing Auld Lang Syne.

> On 4 July Helmut Modlik from Ngati Toa will be talking on strategic thinking. A partners and friends night as Helmut will have an insightful view.

> On 11 July it will be Change Over. Rotary's new year and a reflection of the year past. Partners again are very welcome.

Speaker Programme

> 4 July Helmut Modlik from Ngati Toa

> 25 July Dr Nicole Miller will invite us to take a look under the waves of Wellington – exploring the success and challenges of marine conservation.

> 1 Αυγουστ Gemma Gould will speak about hearing health.

Social Programme

> 2 July Drinks and Nibbles. Chris Garrett

ENVIRONMENT

Leave of Absence

For various reasons a small number of members have requested leave of absence so if some familiar faces are not around over the next few weeks that is the reason.

Mock Interviews

The opportunity to help year 11 students at Aotea College has come around again so if you think you can help by being one of the interviewers let Donna Reed know next week when more details will be available. A satisfying project to engage in.

Editor's Note

You will need to change your diaries where you have logged a recurring item for Committee Night as for this Rotary year, they will be held on the 3rd Tuesday of the month. This coincides with the Inner Wheel meeting night thereby removing any partner issues.
