APPEAL – NEW ZEALAND FLOODS – JANUARY/FEBRUARY 2023

UPDATE 16th February 2023

DEVASTATION CAUSED BY CYCLONE GABRIELLE

We are very conscious of the devastation Cyclone Gabrielle has inflicted across the upper North Island and know that many of our generous Rotarian and Non-Rotarian donors who are always conscious of the needs of others have had their properties and livelihoods destroyed. We are sure that those who are not in that position would want us to support those that are.

Please support our appeal with them in mind.

- Summary:** To raise funding to provide financial assistance to those affected in communities in the impacted flood areas.
- Challenge:** Large number of homes have been flooded and many destroyed and vulnerable owners and/or occupiers need support to restore and refurbish their homes.
- Solution:** Identified Individuals who are adversely affected will be given assistance. The priority is to support those who are most in need.
- Outcomes:** Have assisted those affected to restore their lives and livelihoods to as normal as possible.
