

Stroke Society of Australasia – New Zealand branch

Did you know that the Stroke Society of Australasia (SSA) now has a New Zealand branch? The SSA-NZ is still relatively new, and we would love more people to become members of SSA and of SSA-NZ.

Membership is open to any medical, nursing or allied health professional, researcher, or other individual who has an active interest in stroke.

Membership benefits include

- Being part of Australasia's largest, most expert, and diverse stroke community
- Enhanced professional and research networking opportunities with fellow stroke professionals;
- Free Access to educational webinars
- Discounted registration fee for the Annual Scientific meeting (free registration this year for the Virtual ASM);
- Discounted registration to Asia Pacific Stroke organisation Annual Scientific meetings
- Discounted European Stroke Organisation membership (with free access to the European Stroke Journal and discounted ESO ASM fees)
- Eligibility to stand for office;
- Eligibility to apply for travel awards, new investigator awards, Nursing & Allied Health awards & Bursary awards for Trainees or higher degree candidates;
- Discounted membership to the World Stroke Organisation (International Journal of Stroke and education resources included);
- Potential membership of affiliate groups including Australasian Stroke Trials Network, Emerging Stroke Clinician and Scientists and Acute Stroke Nurses Education Network
- Eligibility to submit grant proposals for use of the SSA's discretionary funds;
- Opportunity to represent SSA on National and International committees and projects.

For more information, please see <https://www.strokesociety.com.au/> or contact current SSA-NZ committee members: Robyn Gibson: robbyngibson10@gmail.com
